INFORMATION CIRCULAR

(Containing information as at November 5, 2013 unless indicated otherwise)

SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the management of American CuMo Mining Corporation (the “**Company**”) for use at the annual and special general meeting (the “**Meeting**”) of shareholders of the Company (and any adjournment thereof) to be held on Monday, December 16, 2013 at the time and place and for the purposes set forth in the accompanying Notice of Meeting. While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone by the directors, officers and regular employees of the Company at nominal cost. All costs of solicitation by management will be borne by the Company.

The contents and the sending of this information circular (the “**Information Circular**”) have been approved by the directors of the Company.

APPOINTMENT OF PROXYHOLDER

The individuals named in the accompanying form of proxy are Shaun M. Dykes, the Chief Executive Officer and a director of the Company and Long Wang, a director of the Company. **A SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT HIM OR HER AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY STRIKING OUT THE NAMES OF THOSE PERSONS NAMED IN THE ACCOMPANYING FORM OF PROXY AND INSERTING THE DESIRED PERSON’S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY OR BY COMPLETING ANOTHER FORM OF PROXY.** A proxy will not be valid unless the completed form of proxy is received by Computershare Investor Services Inc. (the “**Transfer Agent**”), of 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1 by 1:00 p.m. Toronto time (or 10:00 a.m. Vancouver time) on Thursday, December 12, 2013 or not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding any adjournment of the Meeting.

REVOCATION OF PROXIES

A shareholder who has given a proxy may revoke it by an instrument in writing executed by the shareholder or by his attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered either to the registered office of the Company, at Suite 2300, 550 Burrard Street, Vancouver, British Columbia, V6C 2B5 at any time up to and including the last business day preceding the day of the Meeting, or if adjourned, any reconvening thereof, or to the Chairman of the Meeting on the day of the Meeting or, if adjourned, any reconvening thereof or in any other manner provided by law. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

INFORMATION FOR NON-REGISTERED SHAREHOLDERS

Only registered shareholders (“Registered Shareholders”) or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are “non-registered”

shareholders because the common shares (“Common Shares”) they own are not registered in their names but are instead registered in the names of a brokerage firm, bank or other intermediary or in the name of a clearing agency. Shareholders who do not hold their shares in their own name (referred to herein as “Beneficial Shareholders”) should note that only Registered Shareholders may vote at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in such shareholder’s name on the records of the Company. Such Common Shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which company acts as nominee for many Canadian brokerage firms). Shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the brokers’ clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided by the Company to the registered shareholders. However, its purpose is limited to instructing the registered shareholder (i.e. the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”). Broadridge typically prepares a machine-readable voting instruction form, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote shares directly at the Meeting. The voting instruction form must be returned to Broadridge (or instructions respecting the voting of shares must be communicated to Broadridge) well in advance of the Meeting in order to have the shares voted.**

This Information Circular and accompanying materials are being sent to both Registered Shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own (“**Objecting Beneficial Owners**”, or “**OBO’s**”) and those who do not object to their identity being made known to the issuers of the securities they own (“**Non-Objecting Beneficial Owners**”, or “**NOBO’s**”). Subject to the provision of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) issuers may request and obtain a list of their NOBO’s from intermediaries via their transfer agents. Pursuant to NI 54-101, issuers may obtain and use the NOBO list for distribution of proxy-related materials directly (not via Broadridge) to such NOBO’s. If you are a Beneficial Shareholder, and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the shares on your behalf.

The Company has decided to take advantage of the provisions of NI 54-101 that permit it to deliver proxy-related materials directly to its NOBO’s. By choosing to send these materials to you directly, the Company (and not the intermediary holding shares on your behalf) has assumed responsibility for

(i) delivering these materials to you, and (ii) executing your proper voting instructions. As a result if you are a NOBO of the Company, you can expect to receive a scannable Voting Instruction Form (“VIF”) from the Transfer Agent. Please complete and return the VIF to the Transfer Agent in the envelope provided or by facsimile. The Transfer Agent will tabulate the results of the VIF’s received from the Company’s NOBO’s and will provide appropriate instructions at the Meeting with respect to the Common Shares represented by the VIF’s they receive.

The Company has not adopted the notice-and-access procedure described in NI 54-101 and National Instrument 51-102 – *Continuous Disclosure Obligations* (“NI 51-102”) to distribute its proxy-related materials to all of the Registered Shareholders and the Beneficial Shareholders. In addition, the Company has elected to pay to distribute its proxy-related materials to the OBOs.

Although Beneficial Shareholders may not be recognized directly at the Meeting for the purposes of voting shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their shares as proxyholder for the registered shareholder should enter their own names in the blank space on the proxy provided to them and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker.**

All references to shareholders in this Information Circular and the accompanying form of Proxy and Notice of Meeting are to Registered Shareholders unless specifically stated otherwise.

VOTING OF PROXIES

The shares represented by a properly executed proxy in favour of persons proposed by Management as proxyholders in the accompanying form of proxy will:

- (a) be voted or withheld from voting in accordance with the instructions of the person appointing the proxyholder on any ballot that may be taken; and
- (b) where a choice with respect to any matter to be acted upon has been specified in the form of proxy, be voted in accordance with the specification made in such proxy.

ON A POLL SUCH SHARES WILL BE VOTED IN FAVOUR OF EACH MATTER FOR WHICH NO CHOICE HAS BEEN SPECIFIED OR WHERE BOTH CHOICES HAVE BEEN SPECIFIED BY THE SHAREHOLDER.

The enclosed form of proxy when properly completed and delivered and not revoked confers discretionary authority upon the person appointed proxy thereunder to vote with respect to amendments or variations of matters identified in the Notice of Meeting, and with respect to other matters which may properly come before the Meeting. In the event that amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the persons designated in the enclosed form of proxy to vote in accordance with their best judgment on such matters or business. At the time of the printing of this Information Circular, the management of the Company knows of no such amendment, variation or other matter which may be presented to the Meeting.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Other than as set forth in this Information Circular, no person who has been a director or executive officer of the Company at any time since the beginning of the last financial year, nor any proposed nominee for election as a director of the Company, nor any associate or affiliate of any of the foregoing, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon other than the election of directors or the appointment of auditors. Directors and executive officers may, however, be interested in the approval of the Company's stock option plan (the "**Option Plan**"), as detailed in "Particulars of Matters to be Acted Upon".

Compensation Discussion and Analysis

Compensation, Philosophy and Objectives

The Company does not have a formal compensation program. The general objectives of the Company's compensation strategy are to: (a) compensate management in a manner that encourages and rewards a high level of performance and outstanding results with a view to increasing long-term shareholder value; (b) align management's interests with the long-term interests of shareholders; (c) provide a compensation package that is commensurate with other junior mineral exploration companies to enable the Company to attract and retain talent; and (d) ensure that the total compensation package is designed in a manner that

takes into account the constraints that the Company is under by virtue of the fact that it is a junior mineral exploration company without a history of earnings.

The board of directors (the “**Board**”) ensures that total compensation paid to all NEOs is fair and reasonable. The Board relies on the experience of its members as officers and directors of other junior mining companies in assessing compensation levels. The Company’s process for determining executive compensation will be done on a case-by-case basis and will involve discussion by the Board of the factors the Board deems relevant to each case. There are not expected to be any formally defined objectives, benchmarks, criteria and analysis that will be used in all cases.

The Company has not placed a restriction on the purchase by its NEOs or other employees of financial instruments (including pre-paid variable forward contracts, equity swaps, collars or units of exchange funds) that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation or held, directly or indirectly by the NEO or employee. To the Company’s knowledge, none of the NEOs have purchased any such financial instruments.

Analysis of Elements

The executive officers compensation consists of two basic elements: (i) base salary/fee; and (ii) incentive stock options. The details are set out in the Summary Compensation Table.

The base salary/fee established for each executive officer is intended to reflect each individual’s responsibilities, experience, prior performance and other discretionary factors deemed relevant by the Board. In deciding on the salary/fee portion of the compensation of the executive officers, major consideration is given to the fact that the Company is an early stage development company and does not generate any material revenue and must rely exclusively on funds raised from equity or debt financing. Therefore, greater emphasis is put on incentive stock option compensation.

The incentive stock option portion of the compensation is designed to provide the executive officers of the Company with a long term incentive in developing the Company’s business. Options granted under the Company’s stock option plan are approved by the Board of Directors, and if applicable, its subcommittees, after consideration of the Company’s overall performance and whether the Company has met targets set out by the executive officers in their strategic plan.

PARTICULARS OF MATTERS TO BE ACTED UPON

Approval of Stock Option Plan

Shareholders at the meeting held on December 28, 2012 approved the re-implementation of the Company's "rolling" Option Plan which provides that the Board may grant up to ten percent (10%) of the total number of Common Shares issued and outstanding at the date of the stock option grant.

Shareholders will be asked at the Meeting to vote on a resolution affirming and approving the Option Plan for the ensuing year. Pursuant to the Option Plan, the Board may, from time to time, authorize the issue of options to directors, officers, employees and consultants of the Company and its subsidiaries or employees of companies providing management or consulting services to the Company or its subsidiaries ("**Eligible Persons**"), the option to purchase Common Shares.

The purpose of the Option Plan is to allow the Company to grant options to Eligible Persons, as an incentive to dedicate their efforts to advance the success of the Company. The granting of options is intended to align the interests of such persons with that of the shareholders. Options will be exercisable over periods up to ten years as determined by the Board and are required to have an exercise price which shall not be less than the Discounted Market Price as calculated and defined in accordance with the policies of the TSX Venture Exchange and, in any event, the exercise price per Common Share will not be less than the minimum exercise price allowable under the policies of the TSX Venture Exchange. In addition to any resale restrictions under any applicable laws, all options with an option price less than the Market Price as calculated and defined in accordance with the policies of the TSX Venture Exchange are subject to a four (4) month hold period from the date the options are granted to the Eligible Persons.

The maximum aggregate number of Common Shares reserved for issuance pursuant to the exercise of Options granted under the Option Plan shall be 10% of the issued and outstanding Common Shares as at the date of a stock option grant. Options that have been cancelled or that have expired without being exercised continue to be issuable under the Option Plan. In the event of any subdivision or consolidation of the Common Shares, the Board has the power to make appropriate substitution or adjustments, subject to the prior approval of the relevant stock exchanges.

Also, unless the Company has obtained "disinterested shareholder" approval in accordance with the policies of the TSX Venture Exchange:

- (a) the maximum aggregate number of Options granted to Insiders under the Option Plan together with any other share compensation arrangement within a 12-month period may not exceed 10% of the issued and outstanding Common Shares at the time of grant;
- (b) the maximum aggregate number of Common Shares that may be reserved for issuance under Options pursuant to the Option Plan together with any other share compensation arrangement to any one individual within a 12-month period shall not exceed 5% of the issued and outstanding Common Shares at the time of grant;
- (c) the maximum aggregate number of Common Shares that may be reserved under the Option Plan or any other share compensation arrangement for issuance to any one Consultant within a 12-month period shall not exceed 2% of the issued and outstanding Common Shares at the time of grant; and
- (d) the maximum aggregate number of Common Shares that may be reserved within any 12-month period under the Option Plan or any other share compensation arrangement for issuance to

employees who are conducting investor relations activities shall not exceed 2% of the issued and outstanding Common Shares at the time of grant.

“*disinterested shareholder approval*” means approval by holders of outstanding Common Shares entitled to vote and represented in person or by proxy, excluding votes attaching to outstanding Common Shares beneficially owned by insiders of the Company and their associates.

Any options granted pursuant to the Option Plan will terminate upon the earliest of (i) the expiration date of the option; (ii) the end of the period of time permitted for exercise of the option (such period of time to not be in excess of one year), to be determined by the Board, the Chief Executive Officer or President at the time of the grant of an option, after the an optionee ceases to be an Eligible Person for any reason other than death, regardless of whether the Participant was dismissed with or without cause and regardless of whether the Eligible Person received compensation in respect of dismissal or as entitled to a period of notice or termination; and (iii) the first anniversary of the date of death of an Eligible Person.

The Board may determine when any option will become exercisable and may determine that the option shall be exercisable in instalments. Options granted to employees or consultants conducting investor relations activities must vest in stages over 12 months with no more than 1/4 of the options vesting in any three month period.

Subject to the approval of the TSX Venture Exchange, the Board may terminate, suspend or amend the terms of the Option Plan, provided that no such termination, suspension or amendment shall alter or impair any options or any rights pursuant thereto granted previously to any Eligible Person without the consent of any such Eligible Person.

The foregoing is only a summary of the salient features of the Option Plan. A copy of the Option Plan may be inspected at the offices of the Company, during normal business hours and at the Meeting. In addition, a copy of the Option Plan will be mailed, free of charge, to any holder of Common Shares who requests a copy, in writing, mailed to American CuMo Mining Corporation at 638 Millbank Road, Vancouver, British Columbia V5Z 4B7.

Accordingly, shareholders will be asked to pass an ordinary resolution, in substantially the following form, to approve the Option Plan:

“**RESOLVED**, as an ordinary resolution of the shareholders, that:

1. the Option Plan, being a “rolling” stock option plan, as described in the Company’s Information Circular dated November 5, 2013 and the grant of options thereunder in accordance therewith, be approved;
2. the number of Common Shares reserved for issuance under the Option Plan shall be no more than 10% of the Company’s issued and outstanding share capital at the time of any stock option grant;
3. the board of directors of the Company be authorized to make any changes to the Option Plan, as may be required or permitted by the TSX Venture Exchange; and
4. any director or officer of the Company is hereby authorized and directed for and in the name of and on behalf of the Company to execute or cause to be executed, whether under corporate seal of the

Company or otherwise, and to deliver or cause to be delivered all such documents, and to do or cause to be done all such acts and things as in the opinion of such director or officer may be necessary or desirable in connection with the foregoing.

If named as proxy, the management designees intend to vote the Common Shares represented by such proxy at the Meeting for the approval of the Option Plan, unless otherwise directed in the instrument of proxy.

The Board recommends that shareholders vote FOR the resolution approving the Option Plan.

Approval of Amendment to the Articles

The Articles of the Company do not currently provide a mechanism to resolve a deadlock in respect of a matter to be approved by the directors and where there is an equality of votes. Management proposes to amend the Company's Articles to provide the Chief Executive Officer, if a director of the Company, with a second or casting vote to resolve deadlocks which arise in respect of matters to be approved by the directors. Approval of the amendment requires the approval by the shareholders by special resolution being not less than a two-thirds majority of the votes cast by shareholders on the resolution. If the resolution is not approved by the requisite two-thirds majority vote, the Articles will not be amended.

Shareholders will be asked to approve the following special resolution:

“BE IT RESOLVED, as a special resolution, that

1. Section 18.2 of the Company's Articles be amended by replacing the words “The chair of the meeting does not have a second or casting vote” with “The Chief Executive Officer of the Company, if a director, shall have a second or casting vote”.
2. Notwithstanding that this special resolution has been duly adopted and approved by the shareholders of the Company, the directors of the Company be, and they are hereby authorized and empowered to revoke the special resolution at any time before it is acted upon, and to determine not to proceed with the amendment to the Company's Articles without the further approval of the shareholders of the Company.
3. Any one officer or director of the Company be and is hereby authorized and directed to execute and deliver all such documents and instruments and to do all such other things and take such other actions as may be necessary or desirable to give effect to these resolutions.”

Unless contrary instructions are indicated on the instrument of proxy or voting instruction form, the persons designated in the accompanying instrument of proxy or voting instruction form intend to vote FOR the special resolution to approve the amendment to the Articles.

ANY OTHER MATTERS

Management of the Company knows of no matters to come before the meeting other than those referred to in the Notice of Meeting accompanying this Information Circular. However, if any other matters properly come before the meeting, it is the intention of the persons named in the form of proxy accompanying this Information Circular to vote the same in accordance with their best judgment of such matters.

SCHEDULE “A”

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Board is committed to sound corporate governance practices which contribute to effective and efficient decision making in the interest of all shareholders.

General

The Canadian Securities Administrators have set out in National Policy 58-201 *Corporate Governance Guidelines* a number of non-binding guidelines for issuers to consider in developing their corporate governance practices. National Instrument 58-101 *Disclosure of Corporate Governance Practices* mandates that every public company annually disclose its corporate governance practices with respect to those guidelines.

The Company’s current governance practices are set out below. The Company’s practices in many respects comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore those guidelines have not been adopted. The Board will continue to review and implement additional corporate governance practices as the business of the Company progresses and becomes more active in operations.

Board of Directors

The mandate of the Board is to supervise the management of the Company and to act in the best interests of the Company. The Board acts in accordance with:

- (a) the *Business Corporations Act* (British Columbia) (the “BCBCA”);
- (b) the Company’s Notice of Articles and Articles;
- (c) the Board’s mandate; and
- (d) other applicable laws and Company policies.

The Board approves all significant decisions that affect the Company before they are implemented. The Board supervises their implementation and reviews the results.

Of the Company’s six directors, three would be considered independent. The definition of independence used by the Board is that used by the Canadian Securities Administrators. A director is independent if he has no “material relationship” with the Company. A “material relationship” is a relationship which could, in view of the Board, be reasonably expected to interfere with the exercise of a director’s independent judgement. Certain types of relationships are by their nature considered to be material relationships.

Dr. Moeller and Messrs. Baird and Siewierski are independent directors. Mr. Fu is not independent because he is the Executive Chairman and President of the Company. Mr. Dykes is not independent because he is the Chief Executive Officer of the Company. Mr. Wang is not independent because he was Vice President for Corporate Affairs (PRC) of the Company performing a policy making function in respect of the Company within the last three years.

The Board exercises its independent supervision over the Company's management through a combination of formal meetings of the Board as well as information discussions amongst the Board members. The Board discharges its responsibilities directly and through the Audit Committee.

The independent directors also hold meetings at which non-independent directors and members of management are not in attendance. Where matters arise at Board meetings which require decision making and evaluation that is independent of management and interested directors, the remaining directors may hold an in camera session of independent directors.

The Board is responsible for choosing the Executive Chairman and President, and Chief Executive Officer, and appointing other senior management and for monitoring their performance.

The Board approves all the Company's major public communications, including annual and quarterly financial reports, management discussion and analysis, financing documents and press releases. The Company communicates with its stakeholders through a number of channels including its web site.

Directorships

The following directors are also presently directors of the following reporting issuers:

Name of Director	Name of Other Reporting Issuer
Hongxue Fu	IEMR Resources Inc.
Long Wang	IEMR Resources Inc.

Orientation and Continuing Education

The Board of Directors of the Company will brief all new directors with the policies of the Board of Directors, and other relevant corporate and business information, including historical financial information, strategic and operating plans, board policies and material agreements. The Board encourages but does not provide formal continuing education for directors. Directors maintain the skill and knowledge necessary to meet their obligations as directors through a combination of their continuing education programs, experience as businessmen and managers, service as directors of other issuers and advice from the Company's legal counsel, auditor and other advisers. All members of the Board are kept apprised of changes applicable regulations or laws applicable to the Company's business through attendance at conferences, study and other means.

Ethical Business Conduct

Each member of the Board is subject to fiduciary duties arising under the governing corporate legislation and the common law.

Under the BCBCA, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and to disclose to the board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. Subject to certain exceptions, the director must then abstain from voting as a director on the contract or transaction.

The Board has not adopted a written code of business conduct and ethics but encourages and promotes a culture of ethical business conduct by promoting compliance with applicable laws, rules and regulations.

Nomination of Directors

The Board as a whole is responsible for identifying individuals to be nominated for election or appointed as new Board members. New nominees must have a track record in business, special expertise in an area of strategic interest to the Company, the ability to devote the time required, show support for the Company's mission and strategic objectives, and a willingness to serve.

Compensation

The Board is to conduct a review with regard to the compensation for the directors and Chief Executive Officer each year, taking into account the types of compensation and the amounts paid to directors and Chief Executive Officers of comparable publicly-traded Canadian companies and with a view to aligning the interests of directors with those of the shareholders.

Other Board Committees

The Board currently has one standing committee, namely, the Audit Committee.

The Audit Committee had established a formal written charter setting out its mandate, functions and responsibilities. The charter of the Audit Committee is included in this Information Circular in the section under the heading "Audit Committee".

When issues arise as to the effectiveness of the Board, management or other governance matters, the Board may establish an independent committee to review and make recommendation with respect thereto.

Assessments

The full Board has responsibility for assessing the effectiveness of the Board as a whole, the committees of the Board and the contribution of individual directors. Owing to the small size of the Company, the task has not been assigned any committee of directors and no formal process has been adopted. All directors and committee members are encouraged to make suggestions with respect to Board performance.

The Board is to conduct informal annual assessments of the effectiveness of the Board, the individual directors and each of the Board's committees.
